A diagram of a fire alarm pull station. It features a black silhouette of a person running up stairs, a red flame symbol, and a red 'X' over a person icon inside a square frame with up and down arrows. Below these are the letters 'SOS', a black telephone handset icon, and a red circle with a diagonal line over a lit match icon. At the bottom are two more square frames with up and down arrows: the left one has a red 'X' over a person icon, and the right one has a black silhouette of an adult and a child.

SNAPLIGHT - Signaleer uzelf

De Cyalume® originele scheikundige lichten zijn waterdichte en niet-toxische breeklichten die meerdere uren steunlicht kunnen bezorgen, in geval van panne, allerhande noodtoestanden, op feesten, concerten, sport-evenementen. De lichtsticks garanderen licht zonder batterijen of kabels. Alles wat u hoeft te doen is ze te buigen en schudden.

Brandwondenverzorging

De brandwondenverzorging van Burncare helpt infecties te voorkomen en genezing te bevorderen. Burncare bevat een natuurlijk extract en de effecten komen volwaardig overeen met die van het koelen met lauw stromend water. Het zorgt ervoor dat na ongeveer 5 tot 10 minuten de huidtemperatuur stabiliseert op een niveau dat 4 à 5°C onder de normale huidtemperatuur ligt.
